### **About the University Journal**

The University Journal was established by the decision of the Secretary General of the General Union of University Faculty Members No. (4) of 1993 AD and holds the international ISSN 2706 (print) 5820, (online) 2706-5839. It also holds the legal deposit number (1993) national book house Benghazi. It is a bimonthly scientific journal issued by the General Union of University Faculty members in Libya.

The Journal is interested in publishing scientific research and studies in Arabic and English as well as presenting summaries of books, periodicals, scientific letters, masters and doctorate, reports issued by conferences, seminars and workshops from inside Libya and abroad.

### **The view of the University Journal**

Excellence, leadership and innovation in scientific research.

### **The Message**

Publication of serious and new scientific research in the humanities and applied sciences in accordance with the international publishing

### **Objectives**

- 1 It aims to support scientific research and apply it in all scientific fields.
- 2 Paying attention to comprehensive development issues in light of local, regional and international changes.
- 3 Providing opportunities for researchers to publish their research and scientific studies and transfer their scientific ideas in order to expand the circle of knowledge among researchers and decision-makers inside Libya.
- 4 Create a constructive scientific neighborhood between researchers and those interested in emerging topics in all scientific fields related to majors in universities.
